MEMORIAL HOSPITAL
FOUNDATION

2015-2016
ANNUAL REPORT

2015 BOARD OF DIRECTORS

The Stevenson Memorial Hospital Foundation has a Board of Directors currently comprised of 7 individuals. They are responsible for the achievement of the Foundation's objectives and the ultimate performance of the organization.

Margaret Barber, Chair
Norman Grove, Vice Chair
Tim Macdonald, Treasurer
Kenneth Burns, Secretary
Tom Tworzyanski, Officer
Irena Dent
Lindsay Richards *
Lealand Sibbick

**Left during fiscal year*

CHAIR OF THE BOARD MESSAGE

The Stevenson Memorial Hospital Foundation is dedicated to raising funds for critical equipment at Stevenson Memorial Hospital with the purpose of ensuring safe quality care for its patients. Many members of our community share the same vision, genuine passion and loyalty towards their hospital.

As John F. Kennedy once quoted “We must find time to stop and thank the people who make a difference in our lives”. On behalf of the Foundation I would like to take this opportunity to thank our generous donors, tremendous volunteers, Hospital and Foundation Board members and staff for your invaluable time, energy and support.

When reflecting on 2015-2016 it is wonderful to see what our donors have achieved by choosing Stevenson as their charity. Your investments have put into place a new cardiac monitoring system, cast cutters, phototherapy light, vital signs monitor, automated medication dispensing systems, state-of-the-art nursing station, patient room window covers and so much more. Your donations have had a tremendous impact on patients and their families.

The Foundation has devoted time and resources to preparing for Stevenson’s Redevelopment, as we realize the importance of this project to our community. We have created strategies for Redevelopment and they will continue to be

managed as we await government acceptance to move on to the next stage.

This past year, the Foundation has seen great accomplishments. The 2015 Hospital Gala was a huge success in May and our Grateful Patient Program grew with the revealing of our new elevator wraps. Third party events organized by public supporters of the Foundation continued to grow and excite this community. Our Estate Planning Seminars have provided some valuable information and presentations will continue this year.

The Stevenson Memorial Hospital Foundation, its Board of Directors and staff, will continue to provide for the critical needs of the hospital as we increase our community and donor relationships with passion, trust and commitment. Please take time to review the following annual report from the past year.

Margaret Barber, Board Chair
Stevenson Memorial Hospital Foundation

Our Grateful Patient Program encourages patients to take the opportunity to share with us about the care they received at Stevenson.

By sharing your story, time or generosity with us, you'll reach out to others in the community and help ensure they receive the same positive experience.

STEVENSON CEO MESSAGE

Stevenson Memorial is an inspiring hospital with a long history of having talented people delivering safe, high-quality patient care – a place that I have been proud to be a part of. With our commitment to revitalize Stevenson Memorial through redevelopment, we will transform this hospital, updating facilities and equipment to give us the tools we need to become the premier community, acute care hospital for the South Simcoe region.

While concurrently pushing forward on our journey towards building a new hospital for this deserving community, we are also moving ahead with our current campaign to revitalize our patient care areas and update our equipment with state-of-the-art technology. Thanks to a very successful fundraising year and because of your generous donations, we have revitalized our Medical Surgical nursing care station, patient rooms, implemented our leading-edge cardiac monitoring system and our new Lab analyzers. These aforementioned facility and technology improvements will enhance patient care and ensure best-possible outcomes for all of our patients, saving even more lives.

Provincial Government funding pays for much of our operating costs, but does not include vital capital equipment. Without the support of generous community partners and donors it would be impossible to offer the same level of care we currently provide and to innovate and deliver superior care to all our patients.

Your contributions allow us to provide the very best in patient care today, tomorrow and well into the future. Your support makes all the difference, so simply, thank you. Our vision for the future of Stevenson Memorial Hospital will become a reality – please join us on this exciting journey as we endeavour to build the best hospital for this community.

Jody Joseph Levac (Ph D, CHE, RSW)
President and CEO

YOUR DOLLARS AT WORK

Throughout this past year, the Foundation focused on fundraising for many new pieces of critical equipment, as well as continuing to support redevelopment planning. One of the main priority areas this year was Stevenson's laboratory; in addition to our ongoing Refurbish a Room Campaign and other critical needs throughout the hospital.

Through the amazing support of our donor community, which includes individual donors, service clubs, businesses, foundations, and the Stevenson Memorial Hospital Auxiliary, over \$995,000 was transferred to the hospital in the 2015-2016 year for critical priority needs.

Our campaign to raise money for critical laboratory equipment last year was very successful. Thanks to the incredible response and generosity of our donors, including a private family foundation, we have transferred funds to the hospital for the purchase of a new Chemistry Analyzer and Coagulation Analyzer in our lab for a combined total of \$267,241. Now installed in our hospital, these systems are helping us to run more blood chemistry and coagulation tests much more efficiently, which will help us to diagnose our patients faster and get them treated sooner. These systems are absolutely essential to providing health care to our patients, and replacing our old, malfunctioning analyzers with these

Our Foundation Events Associate, Elyse Martin, hooked up to one of our new cardiac monitors

new amazing pieces of equipment will benefit patients in each and every one of our hospital departments and clinics.

Our Cardiac Monitoring Campaign continued into the 2015-2016 fiscal year. This was a \$600,000 campaign to bring five new Cardiac Monitors into our Emergency Department, and six new Cardiac Monitors into our Medical/Surgical Unit. The overwhelming generosity of donors

throughout this campaign has been amazing, and our new Cardiac Monitors have been purchased and are now in use in both departments. Any patient who comes to Stevenson with chest pain, heart attack, shortness of breath, severe allergic reaction, and all trauma victims require immediate and continuous monitoring of their heart activity. These new, wireless, top-of-the-line monitors will improve our ability monitor the heart rate, oxygen levels, and blood pressure of more than 11,000 critical patients who rely on these devices as a part of their care and treatment at Stevenson.

Last year's Gala Equipment Auction was a wonderful success. So many of our Gala guests gave generously. With the funds raised from this auction, the Hospital has been able to purchase a variety of critical pieces of equipment, such as new Vital Signs Monitors for our Medical/Surgical Unit, a new Phototherapy Light for our Obstetrics Unit, two new Defibrillators, and a Cast Cutter for our fracture clinic.

Our busy community hospital needs to replace many smaller pieces of critical equipment each year due to regular wear and tear, and rising healthcare standards. Last year, we were able to transfer \$39,222 to the Hospital to purchase many smaller critical items that are utilized every day in patient care, including a new Stretcher for our Emergency Department, new IV Pumps for both our Emergency Department and Medical/Surgical Unit, and new Recliner chairs for our Medical Surgical Unit, among other items.

The Foundation has continued to support the Hospital's redevelopment project through the provision of planning funds. The Foundation has seen some great work coming

 Our new, top-of-the-line Chemistry Analyzer busy at work analyzing patient blood work.

out of our Stage One application for redevelopment from the Ministry of Health, and the community continues to be engaged in helping to support the decision making process.

Thank you to each and every one of our donors. You have given our Hospital the ability to purchase new critical, life-saving equipment that will help to support high quality health care close to home.

FINANCIAL HIGHLIGHTS

The Stevenson Memorial Hospital Foundation is so grateful for all of your continued support. Thanks to you, we have been able to provide significant funds to meet Stevenson Memorial Hospital's many needs, which will impact the hospital and its patients tremendously.

COMMUNITY SUPPORT

DONORS AND VOLUNTEERS TO
THE FOUNDATION HELP US CREATE
MEANINGFUL CHANGE IN THE HEALTH
OF THE PATIENTS AND FAMILIES.

We recognize that what we achieve would not be possible without the partnership of our community, our supporters and donors. Donor dollars support diagnostic and treatment technology. Donations ensure we have state-of-the-art equipment and resources to attract and retain the brightest and best healthcare specialists. The Foundation's special events are made possible by the time and talents of our dedicated volunteers who work tirelessly to make them successful. The support we receive from the community goes a long way to ensuring we make a difference in health care for residents.
