

PLANNED GIVING

Create a Lasting Legacy of Care

LOBLAW-MORROW SOCIETY

Because of **YOU**

The Lasting Benefits of Legacy Giving

A legacy gift is an investment in the future of healthcare in our community. By including Stevenson Memorial Hospital Foundation in your estate plans, you can help ensure that future generations have access to exceptional care, advanced technology, and modern facilities close to home.

In addition to creating a lasting impact, legacy gifts may offer significant tax benefits for your estate, helping to reduce taxes while maximizing the value of your charitable contribution. It's a thoughtful way to support a cause that matters to you while leaving a legacy of compassion, care, and community for years to come.

The Loblaw-Morrow Society

When Stevenson Memorial Hospital first opened its doors, it was made possible through the generosity of supporters, including Mr. T.P. Loblaw and Mr. F.K. Morrow. Their commitment to Stevenson created a legacy of care in our community.

The Loblaw-Morrow Society honours their legacy by recognizing individuals who choose to make a lasting impact through planned and legacy gifts.

Your Legacy for Tomorrow

A planned gift can help provide sustainable support for Stevenson for generations to come. It may also offer valuable tax and estate planning benefits.

Your legacy can help ensure future generations have access to exceptional healthcare close to home.

1928

2026

2028

Almost 100 years ago, our community came together to build Stevenson 1.0, and decades ago, they rallied again to create Stevenson 2.0.

Today, it's our generation's time to honour the legacy created by our grandparents and neighbours before us, and to build Stevenson 3.0 for future generations.

Looking Ahead to the Next 100 Years

As Stevenson Memorial Hospital approaches its 100th anniversary, we have an incredible opportunity to celebrate our past while building the future of healthcare. In 2028, we will mark both a century of caring for our community and the completion of our hospital redevelopment.

A legacy gift to Stevenson Memorial Hospital Foundation is a meaningful way to be part of that future. By including the Foundation in your estate plans, you will help ensure exceptional care remains close to home for generations to come, supporting the equipment, innovation, and compassionate care that will define the next 100 years.

Your Legacy, Your Way

There are many ways to create a lasting legacy while supporting exceptional healthcare close to home. Whether you choose to give through your estate, investments, or other planned gifts, your generosity will help shape the future of care for generations to come.

Bequests

A bequest is one of the simplest and most popular ways to leave a legacy. By including Stevenson Memorial Hospital Foundation in your Will, you can make a lasting impact on healthcare in your community while retaining full control of your assets during your lifetime.

Charitable Gift Annuities

A charitable gift annuity allows you to make a future gift while receiving guaranteed income for life. It can provide financial security for you today while creating a meaningful legacy for the future of healthcare in our community.

Charitable Remainder Trusts

A charitable remainder trust allows you to transfer assets into a trust while continuing to receive income from them during your lifetime. Upon your passing, the remaining assets are donated to Stevenson Memorial Hospital Foundation, creating a lasting legacy of care.

Life Insurance

Naming Stevenson Memorial Hospital Foundation as the beneficiary or owner of a life insurance policy can be an affordable way to make a significant future gift. It allows you to leave a meaningful legacy while potentially providing tax benefits for your estate.

Residual Interest

A residual interest gift allows you to donate property, such as your home or cottage, while continuing to use and enjoy it during your lifetime. After your passing, the property is transferred to the Foundation to support exceptional healthcare close to home.

RRSPs or RRIFs

Naming Stevenson Memorial Hospital Foundation as a beneficiary of your RRSP or RRIF is a simple way to make a lasting impact. This type of gift may also help reduce taxes on your estate, allowing more of your assets to benefit the causes you care about.

Private Foundation

Families and individuals can establish a private foundation and contribute assets that are invested over time, providing ongoing charitable support. Registered private foundations must direct a portion of their assets toward charitable purposes each year, creating a legacy that can continue for generations.

**Your legacy can help shape the future of healthcare close to home.
What will yours be?**

Your Legacy Begins Today

By including Stevenson Memorial Hospital Foundation in your estate plans, you can help ensure that exceptional healthcare remains close to home for generations to come.

Whether you're just beginning to explore your options or have already included a charitable gift in your plans, we would be honoured to help you create a legacy that reflects your values and makes a lasting difference.
